testbeds are pivotal in developing and deploying 5g infrastructure in the nordic and baltic region this publication investigates the challenges potentials and opportunities in a differentiated 5g regional landscape based on a swot analysis and mapping of the most advanced test facilities of the region it aims to take the temperature of 5g activities identifying valuable verticals such as the manufacturing industry and indicating progress in a regional national and cross sectorial perspective it provides insight into the region s weaknesses and strongholds as well as how important cross border collaboration is in the fastforwarding 5g global race

a year of daily reflections when our time is limited a short reflection can be as much as we can

manage when life is complex and difficult a simple idea may be all we need when each day is about making sense of what s happening to us a reflective sound bite might help us through tom gordon s reflections are simple and direct but from his experience and wisdom he offers deep insights for the very life of life we are living today

the services and resources in this book reflect the iona community s commitment to the belief that worship is all that we are and all that we do both inside and outside the church with no division into the sacred and the secular the material draws on many traditions including the celtic and aims to help us to be fully present to god in our neighbour in the political and social activity of the world around us and in the very centre and soul of our being

this book is a phenomenal start for someone new to asp net as well as a complete guide to the new features of version 2 0 for programmers familiar with an earlier version the beginning chapters detail concepts using a hypothetical company examining the myriad sorts of requests and situations often requested by clients the authors deal with these in an eloquent realistic manner they have clearly worked in the industry and have faced real world challenges that programmers encounter daily the content covers everything from the most basic tasks to the most complex and is a comprehensive collection of information on asp net 2 0 every topic is well referenced for additional information but contains clear examples that work the content is technical but the clear writing makes it easy to understand difficult concepts are explained in such a way that this book will quickly become your favorite reference for asp net ronda pederson consultant microsoft mvp visual developer asp asp net as to be expected from two of today s leading technical authors this book is a cracking guide to getting the most from the asp 2 0 framework detailed chapters concise yet practical examples and clear explanation provide the grounding and support necessary to leverage the new features that asp 2 0 brings to the table all explained with a logical no nonsense approach this book will be borrowed by every developer you work with so guard it wisely john timney microsoft mvp senior services consultant british telecom this book will absolutely change the way you view asp net technology read it and your existing sites will suddenly appear to be underperforming chris carpenter senior software engineer l3 communications inc the authors have worked closely with the asp net team at microsoft to makesure that this book is authoritative accurate and informative anyone usingasp net will find a wealth of useful information on asp net 2 0 scott guthrie general manager net developer platform microsoft corporation developers moving to asp net 2 0 the breakthrough development environment from microsoft will want to learn how to take full advantage of the new features that make this the most productive and powerful development environment ever asp net 2 0 illustrated teaches developers exactly what they need to know to create exciting sites and applications quickly and easily using asp net 2 0 renowned authors developers and conference speakers alex homer and dave sussman have written a concise detailed exploration of the must learn features of asp net 2 0 the book s many original examples fully updated for the release version of asp net 2 0 are all downloadable from the authors site and many can be run live online the authors provide detailed coverage of connecting to databases using data source and data display controls with sql statements and stored procedures creating business layers and data layers with custom classes and typed

datasets and providing declarative access to business and data layers techniques for improving the scalability and responsiveness of data driven sites including caching techniques for data and asp net pages binding to xml transforming xml updating xml data and managing xml data stored in sql server 2005 building interactive forms with a wide variety of asp net controls understanding and using the core functionality of the page class and key net framework classes providing a consistent sitewide look and feel using master pages six ways to provide site navigation including the new navigation controls securing sites and implementing membership and roles using profiles personalization and themes in your applications building user customizable portals with parts supporting multiple browsers disabled users mobile devices and international users creating and consuming services developers will come away from this book knowing exactly how to build secure efficient visually consistent easy to navigate data driven sites with asp net 2 0

this book provides an in depth look on content and language integrated learning clil and early childhood education ece two domains where major joint research is needed by taking stock on theoretical underpinnings it explores the ideal conditions for early additional language acquisition in preschool contexts through clil with a learner centered approach grounded in developmentally appropriate practices dep and an emphasis on the importance of play cognition holistic content adaptation and social emotional learning the book also offers a comprehensive view of how this methodological approach has already set a clear path on pre primary education internationally finally it offers insights into clil pedagogies as related and adapted to pre primary education resources and materials for very young learners and practical implementation from the classroom by providing a solid empirical background on pre primary clil along with appropriate methodological issues and practices this book serves as a key resource to students practitioners academics as well as teacher educators and policy makers in international contexts
